

# RAINWATER DIVERSION SYSTEM TEST CERTIFICATION

San Diego MWW Industrial Wastewater Control Program  
9192 Topaz Way, San Diego, CA 92123-1119  
Tel (858) 654-4100 Fax (858) 654-4110

Applicability: These instructions apply to any industry whose Industrial User Discharge Permit Attachment B, Self Monitoring and Reporting Requirements, includes "Certify rainwater diversion system tested". To report compliance with this requirement, the following statement must be signed as required in the permit under STANDARD CONDITIONS (I) Signatory Requirements, and submitted. Rainwater Diversion System Test Certification is required of industrial users that have installed rainwater diversion systems to prevent discharge of excessive rainwater to sewer during rain events.

---

## RAINWATER DIVERSION SYSTEM TEST CERTIFICATION STATEMENT

Based on my management of operations at the permitted facility, or my inquiry of the person or persons so managing, I certify that, to the best of my knowledge and belief, on \_\_\_\_\_ [date] all components of the rainwater diversion system were tested with the following results (initial appropriate statement below):

\_\_\_\_ All components operational; system will divert stormwater from sewer as required by permit.

\_\_\_\_ Test failed – will be returned to working order within 30 days.

I am aware of the potential for significant penalties for submission of false information, including the possibility of fines and imprisonment for knowing violations.
